Active Weather Warnings, Watches and Advisories by County:

http://www.wrh.noaa.gov/sto/brief/wwa_bc_cal.php

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

Warmer and drier weather can be expected across northwest California as high pressure builds aloft. A significant warming and drying trend is expected Friday into the weekend across the interior while coastal areas should see plenty of sunshine during the late morning and afternoon hours.

Medford Weather:

A flat long wave ridge of high pressure will build over the Pacific Northwest into Saturday night. Northwest flow aloft will become nearly zonal Saturday night. Dry weather with a warming trend can be expected inland.

Reno Weather:

High pressure remains with dry conditions and a warming trend through the weekend. Winds become breezy on Monday ahead of a cold front with cooler temperatures expected next week.

San Francisco Weather:

Warming trend starts today with pleasant weather to finish out the work week. More noted warming starts Saturday morning with light offshore flow and warm temperatures by lunch time. Record high temperatures are possible Saturday, but more likely Sunday as hot weather peaks by Sunday afternoon with offshore flow bringing warm temperatures to the coast. Subtle cooling by Monday but perhaps muggy as moisture from southern California spreads northward. Onshore flow returns Tuesday through most of next week with a return to dry and seasonable weather.

WEATHER

WEATHER SYNOPSIS BY REGION:

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:

Sacramento Weather:

Dry weather is expected with daytime temperatures rising to well above normal by this weekend. Locally breezy north to east winds through Saturday night. A slow cooling trend will arrive early next week with near normal temperatures again for the second half of next week.

Hanford Weather:

Dry weather can be expected across the central California interior through Monday as high pressure builds in from the Pacific. A day to day warming trend through the period will bring temperatures well above seasonal normals by Saturday.

SOUTHERN CALIFORNIA:

Los Angeles Weather:

High pressure and weak offshore flow will bring a warming trend today through Saturday, with well above normal temperatures in most areas over the weekend. Very late in the weekend or early next week, subtropical moisture will push in from the south. This moisture will linger into at least Tuesday night or possibly Wednesday bringing at least a slight chance of showers and possible thunderstorms along with less hot, but humid conditions. Drier weather is expected for the second half of the week.

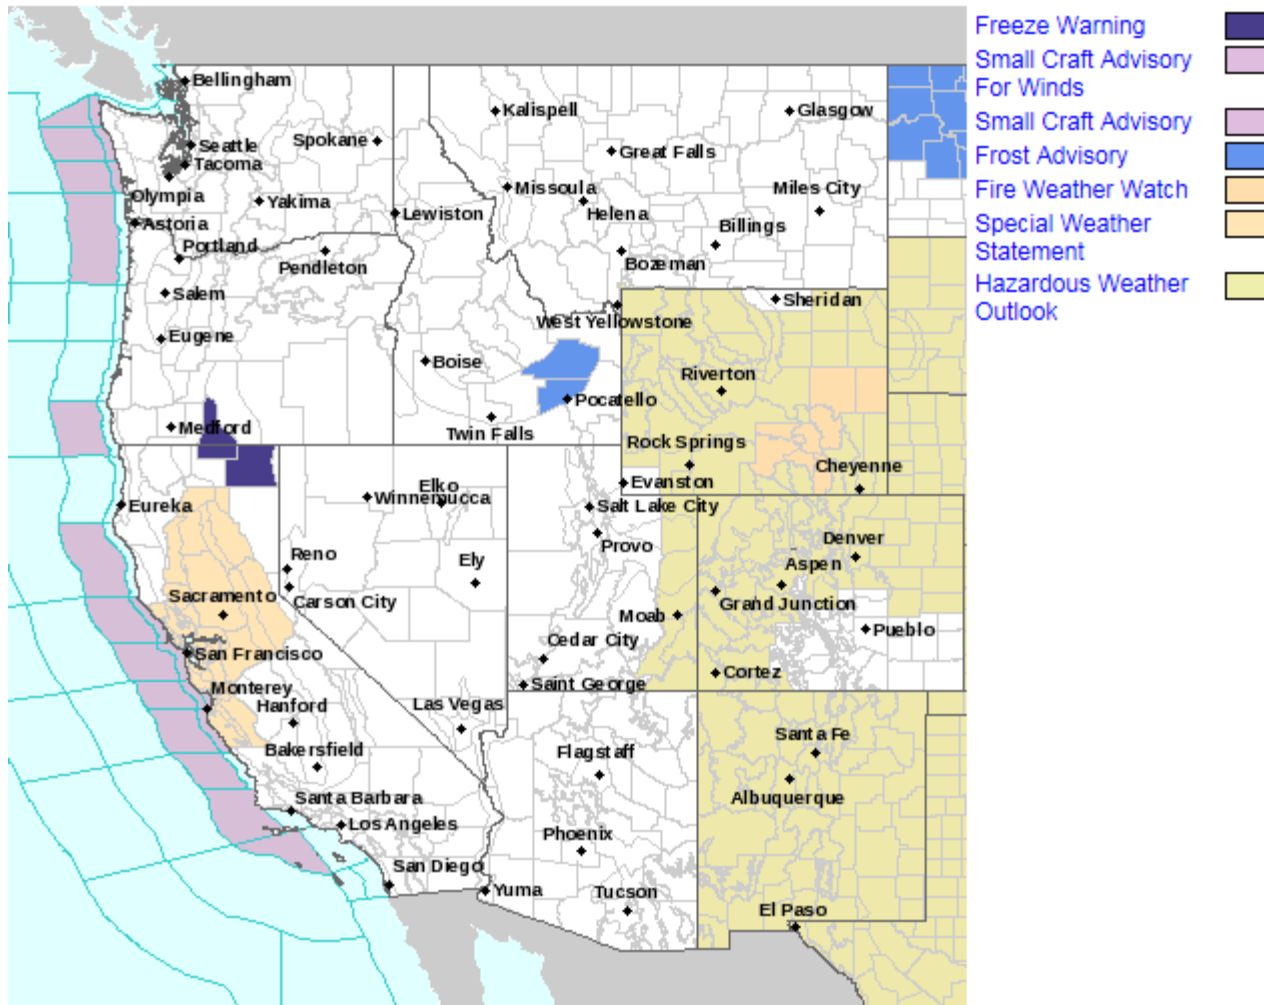

Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

Building high pressure aloft will bring mostly sunny skies Friday and Saturday and a gradual warming trend. It will turn increasingly more humid Sunday and Monday as subtropical moisture moves in from the south. Rain is looking more likely Monday and Tuesday as a low pressure trough moves in from the southwest. The trough will move east on Wednesday with dry, seasonal weather Thursday and Friday.

Southeast California Weather:

Dry weather with mostly clear skies will continue through Saturday. However, another Pacific low pressure system is forecast to develop off the northern Baja coast Saturday night. This system will likely circulate an abundant amount of subtropical moisture starting Sunday becoming thicker Monday and Tuesday with a good chance of showers and thunderstorms. Skies will clear next Wednesday into Thursday with warmer temperatures.

Threat to Waterways, Water Sources, Natural Habitat/Species, State Parks and Historical or Tribal Lands/Assets

- State Parks- Indian Grinding Rock and Calaveras Big Trees parks have been evacuated.

Butte, Vegetation Fire, Amador and Calaveras County**Infrastructure**

- State Water Resources Control Board (SWRCB) Department of Drinking Water (DDW) Stockton District Office reports that State regulated public water systems in the counties of Amador and Calaveras, have impacts mainly related to power outages, water systems are now utilizing generators. There are no reports of damage at this time. The Calaveras County Local Primacy Agency (LPA) have several systems in the area that are under evacuation. Once evacuation orders are rescinded the LPA will assess the situation. SWRCB DDW staff continues to monitor the incident(s) within their areas of responsibility and report status.
- Calaveras County Water District is in the process of issuing a Boil Water Notice (BWN) for their Sheep Ranch Water System. Sheep Ranch water system serves about 100 people through 50 service connections. BWN is being issued as a precautionary measure because the water system lost pressure due to the water being used for firefighting in the area. There is NO damage to the water system infrastructure. They are currently running the treatment plant to fill the storage tank, but they are not releasing any water to the distribution system at this time. They will start delivering water to the distribution system at about 1700-1800 hours 09/17/15.
- Per Cal EPA EF 10 Coordinator as of 1400, 09/11/15:
 - SWRCB Division of Drinking Water reached out to local engineers in Calaveras County and determined that the current water system issues were all power related. Portable power is being used to address the issues.
- Per CUEA 09/17/15: Fire is interrupting utilities for 2,030 customers in Calaveras and Amador counties.
- **PG&E crews are in the area assessing the damage of facilities to determine how best to prioritize repairs with safety as the top priority. Due to the extreme nature of the fire, PG&E has been able to safely assess only 73 percent of the suspected damage zone.**
- No impact to PG&E Hydro Generation.
 - All five cell towers impacted presently on full portable generation.
 - East Bay Municipal Utilities District reporting no impact to their water system.
- Per Cal OES Public Safety Communications: The communications site Sierra Vista has burned over due to the Butte Fire. State agencies who are in that site are CALFIRE, Department of Transportation (DOT) and California Highway Patrol (CHP). A technician responded to the site to assess the damage.
 - Phone lines and power are down.
 - CALFIRE has a portable repeater being installed at the site. CALFIRE is operational.
 - CHP is using coverage of other sites. CHP is down because the repeater is phone line controlled.
 - DOT is operational.
- Per Cal OES Public Safety Communications: CAL-Fire TCU headquarters in San Andreas is currently being evacuated. PSC has a shop located within that facility. PSC technicians were evacuated out of the facility. A snowcat assigned to the facility was towed out and the test equipment was also removed by the technicians.
- Per the Cal OES Critical Infrastructure Protection (CIP) Division: There are seven CIP identified, state-level, critical infrastructure sites that meet the draft criteria and are within 10 miles of the fire – Amador County EOC, their Department of Public Health main office, Calaveras County EOC, their Department of Public Health main office, the origin of the Mokelumne Aqueduct, the Pardee Dam and Reservoir, and the Jackson Creek Spillway and Dam. The buildings are vulnerable to fire but the two dams and aqueduct are generally less vulnerable to fire. Other infrastructure noted in the 10 mile radius are multiple PSC communications towers, 5 hydro power plants (99, 14, 4.5, 1.4, .23MW), multiple associated substations, multiple transmission lines (230, 115, 80, 60kV, +), and two natural gas lines (12 and 10 inch).

Recovery/Debris Management

Cal OES Recovery Personnel Deployment

Individual Assistance - 1

Public Assistance – 2

- One Public Assistance (PA) staff has been deployed to Calaveras County on 9/13/15 to monitor the fires for PA impacts and assist local government with the recovery process. California Disaster Assistance Act (CDAA) funding has been approved for this fire.
- One PA staff member was deployed on 9/16/15 to assist Individual Assistance (IA) conduct a Preliminary Damage Assessment (PDA).
- Cal OES IA submitted a request to mission task one employee from EMSA to provide IA support in Calaveras County EOC. Staff is on site.
- An IA joint Preliminary Damage Assessment (PDA) is continuing in Calaveras County. The IA PDA team includes representatives from Cal OES IA, County OES, FEMA, and the U.S. Small Business Administration.
- The Calaveras Local Assistance Center (CLAC) will open on Friday, 9/17/15 from noon to 7 pm, through Monday 9/20/15 from 7 am to 7 pm. The CLAC will be located at the Calaveras County Government Center at 891 Mountain Ranch Road in San Andreas. Hours of operation may be extended as necessary. More information is available from Calaveras County Public Health Services at (209) 743-6276
- Per Cal OES/TAP 09/16/15: The Department of Resources Recycling and Recovery (CalRecycle) and Cal OES have been tasked with supporting Lake, Trinity and Calaveras Counties in the management of debris removal operations. CalRecycle's Incident Management Team (IMT) will be assisting each County to clear the debris, provide certification of cleanup, and track costs for each County on a site-specific basis. As part of the work, CalRecycle is preparing a Debris Removal Operations Plan (Operations Plan) for each of the three affected Counties.
- California Department of Toxic Substances Control (DTSC) Emergency Response (ER) will be assessing and removing asbestos and household hazardous waste from homes destroyed by fire in Calaveras County. ER is coordinating with Calaveras County Public Works and Environmental Health Departments to begin assessment and removal activities there once the access agreements are obtained from affected property owners. Due to the large number of homes destroyed in the Valley Fire (Lake County), ER proposed to USEPA that they handle assessment and removal activities and ER will cover the transportation and disposal of household hazardous waste and asbestos.
- Department of Toxic Substances Control (DTSC) was requested to lean forward to the county to provide information and guidance. CalRecycle was requested to lean forward to provide similar information.
 - CalRecycle is currently not able to do this because they are actively managing two geographically separate wildland fire cleanup activities. CalRecycle management has been notified.

Threat to Waterways, Water Sources, Natural Habitat/Species, State Parks and Historical or Tribal Lands/Assets

- Overall, it appears that the water systems impacted by fires have lost above ground structures and electrical/controls, however, the majority of the systems that have steel tanks appear to be intact and operational. Some water systems have lost connections and will need to modify equipment and/or operations to meet reduced demands when the evacuations are lifted. (Updated 09/16/15 at 1100)
- Anderson Marsh Historic Ranch House was evacuated on 9/14/2015. Cultural Recourses will be collected and moved to a secure location.
- Per EF-8, a number of drinking water systems in Lake County were damaged or disrupted. The State Water Boards Division of Drinking Water is working with the county and has a representative in the Lake County EOC providing direct coordination. **Update 09/15/15** Per State Water Board, in general, power outages have caused the largest problem with drinking water systems and many are running on generators. CUEA is working with the Lake County EOC to restore power. A few systems have been damaged and some are still assessing the damage.

Per Cal OES Tribal:

- A Cal OES Tribal representative has reached out to possible affected tribes and is awaiting a response.

Access and Functional Needs

- The following Lake County Water Districts have been issued a Boil Water Notice (BWN): Hidden Valley Lake Community Services District, Callayomi County Water District, Cobb Area County Water District, Loch Lomond Mutual Water Company, Bonanza Springs Water, and Adams Springs Water District.

Local authorities supporting local shelters with nursing, medication acquisition and guidance for refill requests.

Per Cal OES Chief of the Office of Access and Functional Needs (OAFN):

- As of 09/17/15, Chief of OAFN continues to monitor status at various shelters for outstanding needs. In coordination with the Red Cross, upgrades/improvements were made to comply with ADA requirements.

Health and Medical

Per Red Cross:

- The American Red Cross Integrated Care Team (ICT) has deployed to the Napa County Fairgrounds shelter in Calistoga. ICT is comprised of Disaster Mental Health, Disaster Health Services, Bulk Distribution, and water and client assessment.
- Red Cross continues to monitor and evaluate to ensure communication occurs early as support is needed.

Per EMSA:

- As of 09/17/15, 11 mental health workers deployed to Napa County Fairgrounds for the next 48-96 hours.
- As of 09/17/15, the California Board of Pharmacy has issued a waiver to allow pharmacists, including hospital pharmacies, in Lake, Napa, Amador, Calaveras, and adjacent counties to furnish needed and previously prescribed medications to wildfire evacuees, even if prescriptions are not on file with the pharmacy. Further information may be found at: http://www.pharmacy.ca.gov/about/wild_fire_exemption.shtml
- Emergency Medical Services Authority (EMSA) continues to monitor the medical impact from the fires, and remains in constant communication with the Regional Disaster Medical Health Specialists (RDMHS), and Medical and Health Operational Area Coordinator (MHOAC), as well as the California Department of Public Health (CDPH). As of 09/14/2015, Ambulance Mutual-Aid has been provided to South Lake County from American Medical Response (AMR). Mutual-Aid ambulances are stationed at Whispering Pines and South Lake County Fire Station 62 (both providing support to rescuers).
- Local fire and emergency medical services resources are fully engaged. CAL FIRE requested and received approval for 2 private ambulances in support of operations through mutual aid.

Per CDPH:

- An Intermediate Care Facility/Developmentally Disabled (ICF-DD) in Kelseyville is operating at normal capacity.

Adults in Community Transitions,
4795 Gaddy Lane
Kelseyville, CA 95451

- St. Helena Hospital is reporting five (5) patients with smoke inhalation injuries. More than 100 Hospital staff lives in Middletown or Hidden Valley communities and may not be able to staff the Hospital. St. Helena Hospital is helping to support displaced staff.
- Per CDPH: there are no CDPH licensed healthcare facilities in the Hidden Valley Lake area. The nearest facility is Clearlake.
- Cal OES IA is coordinating with the California Department of Health Care Services to assess if the need for mental health services is beyond the capacity of the local level to respond. The department is reaching out to the county local mental health to determine if the disaster mental health needs of the communities are beyond their ability to respond. It is anticipated that mental health needs will rise as re-entry begins.

Donations Management

- Lake County has established a Volunteer and Donations Unit in the EOC. The County is asking the public not to donate in-kind items and to donate cash instead to the accounts set up at the Mendo-Lake Credit Union or Redwood Credit Union: <http://www.lakecountylac.com/donate-now.html>. In addition, the California Volunteers website (www.californiavolunteers.org) lists those vetted organizations accepting cash donations to assist those impacted by the Valley Fire.
- The volunteer and donations unit is contacting several non-county donations sites to assess their situation and support needs. The Adventist Church has secured an old Sears building to expand their donations storage capability. This location may be designated as a county donations location. California Volunteers staff will be visiting this site on Wednesday or Thursday to assess.
- The County has approved using North Coast Opportunities (NCO) to manage volunteers. NCO has set up a pre-registration page on their website (www.ncoinc.org) for this event to capture volunteer information. NCO can also set up a volunteer reception center if needed. As of 9/15/15 at 1400 hrs. there were more than 50 volunteers registered. Four donations sites have asked for volunteer support. This request has been sent to NCO who will also cover the volunteers under their liability coverage.
- A mission request has been issued for a representative from Adventist Community Services to staff the EOC and assist with developing a donations management plan. A similar mission request for a Salvation Army representative is pending.
- The Redwood Empire Remodeler Association has asked for information on needs the county may have.
- The Farm Bureau of Lake County is interested in donating large farm equipment and assisting with repairing fences, erosion control, irrigation, etc.

Valley, Vegetation Fire, Lake and Napa County**Infrastructure**

- Per the California Joint Incident Briefing (JIB) report (09/14/15 at 1400) Three (3) cooling towers at Calpine Geysers facilities have been damaged, however, no impacts reported to the grid. Incident Command Post (ICP) has been set up at the Lake County Fairgrounds. A Damage Inspection Team has started the survey of damaged and destroyed buildings. A threat exists for critical infrastructure of radio towers, state Intercom radio system and numerous law enforcement vaults and towers. **Update per CUEA 09/15/15 0842**, There are no impacts from the Geyser Geothermal Plant's damage overall energy reliability. PG&E has deployed 400+ employees in the area setting poles and strand. They may also call up additional crews from out of the area to help re-establish power
- Per California Utilities Emergency Association (CUEA) (09/17/15 at 0952)
 - PG&E reported 6,661 customers affected and impacting Lake, Mendocino, Sonoma and Napa counties.
 - PG&E has opened their corporate EOC, along with local EOC's in Central Valley and Northern Region to support fire response.
 - PG&E presently does not have a number of assets impacted, but anticipates 70-80% of all assets in Middletown are damaged.
 - Two (2) AT&T Satellite Cell on Light Truck (SATCOLT), and one (1) Verizon SATCOLT has deployed to Middletown to restore wireless service.
 - **Update 09/16/15 per PSC:** One (1) AT&T SATCOLT has been deployed to the Napa Valley Fairgrounds in Calistoga.
 - In addition, AT&T is working to get a microwave feed to the AT&T site in Cobb Mountain and also working to clear the roads for CAL FIRE and PG&E.
- Per Public Safety Communications (PSC) **Update 09/17/15 1530**, Cobb Mountain office has been up and running on microwave since 09/16/15 afternoon. Techs have made successful test calls and 9-1-1 calls from the office. Both Middletown and Cobb Mountain offices remain on generator power and fuel is being monitored.
- Three (3) cell towers are offline due to the power situation, no access to them presently. Limited impact to cell service at this time.

Recovery Activities:

- A Lake County Local Assistance Center (LAC) will open on 09/19/15, at 21256 Washington Street in Middletown. The LAC will operate 0700-1900 until further notice. Selected state agencies have been asked to participate.
- As of 09/17/15, CDE has released information on attendance funding for disasters, attendance waivers for displaced students, portable classrooms, the Child Nutrition Program during disasters, and community feeding sites. CDE will provide further information in the following weeks.
- DTSC ER is coordinating with Trinity County and will begin removal operations on 09/21/15.
- DTSC ER is coordinating with Calaveras County Public Works and Environmental Health Departments to begin assessment and removal activities there once the access agreements are obtained from affected property owners. Due to the large number of homes destroyed in the Valley Fire (Lake County) ER proposed to US EPA that they handle assessment and removal activities and ER will cover the transportation and disposal of household hazardous waste and asbestos.
- Per Cal EOC EF-10 (09/14/15 updates), the Department of Toxic Substances Control is coordinating with US EPA Region IX Emergency Response regarding support for hazardous waste activities following post-fire activities in impacted counties. Due to the large numbers of structures in Lake County, additional assistance will likely be requested.
- The Department of Resources Recycling and Recovery (CalRecycle), in coordination with Cal OES have been tasked with supporting Lake, Trinity and Calaveras Counties in the management of debris removal operations.
- CalRecycle's Incident Management Team (IMT) will be assisting each County to clear the debris, provide certification of cleanup, and track costs for each County on a site-specific basis.
 - CalRecycle is preparing a Debris Removal Operations Plan (Operations Plan) for each of the three affected Counties, which identifies the procedures, and best management practices for undertaking the removal of debris from the residential structures to protect response personnel, the surrounding community, public health, and the environment. Information related to this project was obtained Cal OES, other CalEPA regulatory partners, and local government agencies.
 - CalRecycle's IMT will utilize state and local employees through Cal OES mission tasking and contract support to fulfill its project management duties. CalRecycle IMT will work with each County's licensed environmental contractors and consultants to begin the evaluation and removal process from debris site subsequent to obtaining Right-of-Entry Permits from the individual property owners.
 - The California Department of Education has provided a list of closed schools and has forwarded them to CalRecycle. A list for Lake County is pending.
 - CalRecycle has requested for assistance in operations planning from CalOSHA for the health and safety component of debris removal operations. CalOHSA has made available a staff member of the DOSH Emergency Response team. Onsite support may be available for a limited basis.
